

The fund—raising committee, "Pour le Pays d'Apt, un Hôpital d'Avenir"

"The purpose of the fund—raising committee "Pour le Pays d'Apt, un Hôpital d'Avenir", is to receive and manage donations (from individuals, businesses and associations) intended for the Pays d'Apt Hospital, with a view to improving patient care, living conditions and supporting clinical research. The Fund was created in 2015 by citizens of Apt and the Luberon, by expatriate residents, and by local businesses.

Now that the renovation of the short—stay facility has been completed, we plan, in consultation with the management of the hospital, to continue to allocate donated funds to the next phase of modernization, that of the "Seniors" facilities that include Aftercare, Rehabilitation and Long—term Care units, plus La Madeleine Nursing Home.

Your continued donations will be contributing to the financing of an operation that presents a significant challenge for our territory and its population.

The fund—raising committee "Pour le Pays d'Apt, un Hôpital d'Avenir", Danielle Fregosi, director of the Pays d'Apt Hospital, the staff, patients and their families, join me in thanking you most sincerely in advance for your support."

Shelagh LESTER-SMITH,
President

"Pour le Pays d'Apt, un Hôpital d'Avenir"

The Pays d'Apt Hospital: Growth and Performance

- Uninterrupted service
- Nearly 30,000 outpatient and emergency room consultations each year
- Quality of care certified by France's Haute Autorité en Santé
- Networked with independent doctors and hospitals in the region
- 90%+ patient satisfaction recorded for service delivery by the Hospital

Your gift is providing increased comfort, privacy, and a warmer, more welcoming environment overall at the Pays d'Apt Hospital.

Our project

- To support the continuing modernization of the Hospital.

Our ambition

- To offer high quality reception, residential and care conditions for the patient, his/her entourage, and for the staff.
- To make the Pays d'Apt Hospital warm and welcoming.

Thanks to you, the modernization of our first project, the Short-Stay Facility, is completed.

- Single rooms are doubled, each having a spare bed for a family member, air conditioning and a private bathroom with shower and WC in each of the 54 rooms.
- Digital/tactile tablet at every bed enabling:
 - professionals to access online medical files in real time and consult with remotely located specialists,
 - patients to stay connected with family and professional environments, and to be entertained.

Now, with your continued support, we hope to make the modernization of the "Seniors" facilities of Apt Hospital a reality.

Your gift is an investment in a more certain
future for your local health service.

Thank you for your generosity.
